How to Log Into Navigate

1. Find the “Advise Students” resource on my.pitt.edu. This is the live suite, so use this site for setting up availability, completing notes and reports, and messaging students.

2. Chrome works best. If you have trouble access either site, please contact PathwaysHelp@pitt.edu for assistance.

3. Once you click the link, you will be directed to Pitt Passport to log in. Use your Pitt Passport credentials to log in.

If you are having problems logging in with Pitt Passport please contact CSSD’s Help Desk at 4-HELP or helpdesk@pitt.edu for assistance.
How to Sync Your Calendar
SYNC YOUR CALENDAR ONLY IN THE PRODUCTION SITE

1. Click on the Calendar icon on the left hand side of the screen.

2. On the right hand side of the screen, click on the Settings and Sync button.

3. On the next screen, click on the Setup Sync button.

4. You will be prompted to select your Calendar Application. Click the Microsoft Outlook 365 button. This is the only way your calendar will sync correctly.

5. Then choose your account.
6. After signing in, you will see a yellow banner at the top of the screen indicating that sync was successful and you’ll see the screen below.
How to Set Your Availability in Navigate

Set up your availability in Navigate so that students can schedule appointments to see you. It’s important to note that locations and services are created by university administrators.

1. Click on the My Availability tab. Under Available Times, Go to the Actions menu and select Add Time

2. Select the days and times when you are available to meet with students
3. Decide if you are going to meet with students via appointment or during drop in hours. Select the button that corresponds with your answer. Campaigns will be covered separately.

**What type of availability is this?**

- Appointments
- Drop-ins
- Campaigns

4. Choose the care unit from the drop down menu.
5. Choose the location where you are available from the drop down menu.
6. Select which type of appointment(s) for which you are available in Services.
7. If it applies, you can add a URL or phone number for virtual appointments.
8. Select the number of students per appointment.
9. Click the Save button.

Repeat this process until all of your availabilities have been defined. You can have as much availability as you need!

**Tip:** Use the Special Instructions to Students box to include personalized information such as office number and/or directions.

---

**Will you be meeting with multiple students?**

These settings will not be used for kiosk and campaign purposes.

How to Search for a Student

1. To search for a student, simply click on the “Quick Search” box in the center of the screen

2. Type in the name of a student and select the student to view his/her home page.
How to Schedule an Appointment

1. From your homepage, check the box of the student you want to make an appointment with and select Schedule Appointment. If you are not at your homepage, any place where Schedule Appointment option is available in the Action drop down. The same process detailed below will work.

2. Click the radial button next to your name as the organizer.

   Select Advising in Care Unit
   Set location meeting in Location
   Choose type of appointment in Service
   If appropriate, select the Course if needed
   If desired, Comments could be added

3. Click the radial button next to your name as the organizer.
4. After an organizer is selected, a scheduler will appear that has both the availability of the advisor and any conflicts with the student’s schedule. If an appointment is available, that appointment will display with a small green box that will need to be checked to select it.

5. Click Save Appointment

How to Complete an Appointment Summary Report When a Student Checks In for an Appointment at the Front Desk

An Appointment Summary Report works like the notes you take on your advising appointments. It allows you to document advice or next steps that you have given to your student. Your Summary Report will also be visible to your colleagues to ensure consistent messaging.

1. When your advisee checks in for their appointment, you will be notified at the top of your screen.

2. Click on the icon and you can see the name of your advisee and how long they have been waiting. Click on Start Appt to start the appointment.
3. **Fill in the information needed to complete the Summary Report**

How to Complete an Appointment Summary Report When a Student Doesn’t Get Checked In via the Front Desk

Sometimes, students just show up to your office or don’t come through the usual channels. In these cases, being able to complete an appointment summary in Pathways help you to give the same level of attention to each student no matter how they get to your door.

1. From your home screen, select the Upcoming Appointments tab.

2. Select a student for whom you would like to create an Appointment Summary.

3. Scroll down to either the Upcoming Appointments or Recent Appointments sections. Under Actions select Add Appointment Summary.
### 4. Fill in the information needed to complete the Summary Report

How to Mark an Appointment as a No Show

1. Scroll down to your Recent Appointments

2. Click on the box next to the appointment you want to mark as a No Show.

3. Open Actions button and select Mark No-Show

4. An Appointment Summary will open. You can add a note or simply close it. A green No-Show box will show in the Report Filed column
How to Cancel an Appointment

1. From your Upcoming Appointment tab on your Staff Home page, click on the Details link for the appointment you want to cancel.

2. This will bring up the appointment details. Click Cancel Appointment in the bottom left. **Do not click** on Delete Appointment.

3. You will need to mark the entire appointment canceled.

4. Select a reason. Most often it will be cancelled by Advisor or student.

5. Any comments left in the box are shared with the student via email. You can use this box to leave instructions on how to schedule a new appointment.

6. Click Mark as Cancelled.

**Delete Appointment will erase all data around that appointment and will not show up in any reporting. It is not advised.**
7. You will get confirmation that the appointment was canceled, then click Close.
How to Edit an Appointment

1. From your Upcoming Appointment tab on your Staff Home page, click on the Details link for the appointment you want to edit.

2. This will bring up the appointment details. Click the edit button at the top.

4. Make changes to the existing appointment in the scheduler which has both the availability of the advisor and any conflicts with the student’s schedule.

5. Save Appointment and an update will be set to both the advisor and student.
How to Add a Note to a Student’s Page

Notes are used to document information *about* a student, whereas Appointment Summary Reports are used to document interactions *with* a student.

1. To add note to a student’s page, simply click on “Add a Note on this Student” when you are on the student’s page.

2. Type your note. You can make the note only visible to you. If you don’t check that box, everyone can see your note. Regardless of who can view the note, it is still subject to FERPA. Checking the student’s name does not mean that the student will get an email about the note. It means that if the student logged into the Navigate platform (which they can’t), they would see the note.
How to View Notes and Appointment Summary Reports

1. To view notes and appointment summary reports, click on the “History” tab on the student’s page.

2. Once on the “History” tab, scroll down to the “[Student Name]’s History” section. You will see a chronological list of all appointment summaries and notes left for a particular student, along with the date and name of the advisor who left it. You can click on the down arrow to view the report or note.
How to Search Notes Using Reports

1. Select Reports

2. Under Student Data Reports, click Notes.

3. In Search Notes Text, you can search the notes for specific words in the text. If you add a hashtag inside the note, you would be able to search for it here. You can also limit your search to a specific student, a date range, or any other field.

4. Click Search.

5. Once you find the note you are looking for, you can click view. The note will open in its full form which will often be easier to read than the line returned in the search result.
How to Create a Student List

To help keep track of a list of students, you can create a student list. This is a list of students manually created and maintained by a user that highlights a particular population. This list can be used for Advising Campaigns, communications, or other monitoring.

1. Select students that you want to include in your Student List. The students could be manually assigned from your list of Assigned Students or by using the search functionality.

2. Under Actions select Add to Student List

3. Click on Create new list... and give the new student list a name. Click Save.

4. In your list of students, a small eye icon will appear next to the name of the student.

Reminder:
Hovering your mouse over the eye icon will tell you to which of your Student lists the student is assigned.
A student can be assigned to more than one list.
How to Add Students to an Existing Student List

1. Select students that you want to include in your Student List. The students could be manually assigned from your list of Assigned Students, by using the search functionality or even from your list of appointments.

2. Under Actions select Student List.

3. Click on the box next to the Student List you want to assign the student to. Click Save.

4. In your list of students, a small eye icon will appear next to the name of the student. A student can be assigned to more than one Student list. Hovering over the eye icon, will show to which of your lists a student is assigned.
How to Upload a Student List via Batch

Often, you have queries from other systems that would be useful to your work within the Pathways system. Rather than recreate that list within Advanced Search or manually add students to a Student List, you can load students into the system from the list you already have using the Batch feature.

1. Before you start in Pathways, you will need to create a .csv file in Excel. The spreadsheet should be simply a header and a list of PeopleSoft IDs of the students that you want to include in your Student List.

<table>
<thead>
<tr>
<th>A</th>
<th>B</th>

</tr>
<tr>
<td>4</td>
<td>345678</td>
</tr>
<tr>
<td>5</td>
<td></td>
</tr>
<tr>
<td>6</td>
<td></td>
</tr>
</tbody>
</table>

2. Click on the List & Searches icon.

3. Click the Actions drop down and select Upload Student List.

4. To choose a list, click on the little triangle and select the list or create a new one then click Confirm.
5. Click on the Choose File button to select the file you want to load and click on the Click to upload the file button.

6. Select the header of the column that holds all of your PeopleSoft ID’s and click the blue Save button.

7. Depending on the size of the Student List, it may take a few minutes to load all of the students into the Student List.
How to Create a Saved Search

1. From your homepage, click on the Lists & Searches Icon

2. Under Saved Searches, click the button New Saved Search

3. Use the search function and filters to select a group of students. Click Search.
4. Once you have your list, click Save at the top of the page.

How to Create an Appointment Campaign

1. Select the Campaigns from the left side Quick Links sections.

2. Then select Appointment Campaign from the right hand side under Actions.

3. Define the campaign. When finished, Click Continue

   Name your campaign using the Naming Convention.

   Add your Care Unit.

   Add your Location.

   Add your Service.

   Set your Begin Date. This is the first day that you want to meet with students during the campaign.

   Set your End Date. This is the last day you want to meet with student during the campaign.

   Appointment Limit is the number of times you want the link in your invitation to work. Most often, once.

   Appointment Length is how long want the appointment to last. Range from 5 to 90 minutes.

   Slots Per Time is how many students are in the appointment. Default is one for a 1 on 1 appointment but you can raise the number for group appointments.

To allow students to schedule over their courses, select the box.
4. Add students to the Campaign.

Add Students To Campaign

Add My Assigned Students to Campaign

If you have students assigned to you in Pathways you can just send the campaign to your assigned students.

Otherwise you would select Advance Search to search for your students.

Advanced Search

Once you have selected your list, select all of the students you want to add and click Actions to select Add Selected Users and Search for More. This is true even if you have no additional students to select.

You will see a yellow line across the bottom of the screen telling you how many students have been added. Then click the blue Continue button.

5. Review the students in the campaign. To remove any students, click on the box next to the student and select Actions and Remove Selected Users.

6. You will need to add organizers to your Campaign. Click on the box next to your name. Then click next.

If you don’t see your name, Save and Exit. You can go back to your Availability tab to match your Services or add Campaign appointments to your availability. You can return to your campaign and pick up where you left off.

7. Now you can compose your message. This is the email you will send out to students with the link to make an appointment with you. Make sure that the {$schedule_link} tag stays intact. This is how a student can make an appointment with you.

Compose Your Message

Please schedule your Advising appointment.

Hello {$student_first_name}:

While there is prepopulated text here, you can change as little or as much as you need.

{$schedule_link}

Thank you!

もちろん
8. Confirm your appointment campaign. Any changes can be made before the emails are sent out to students. The Campaign can be sent a couple of days ahead of when you want students to make an appointment with you. The first time students will see for appointments is the Begin Date.

How to Use Your Appointment Center

Change the way you view the appointments

1. The default to view your appointments is a vertical grid.

2. To change to a horizontal view, click on the Orientation drop down and select Horizontal.

3. Now you can view your appointments horizontally. This can be easier to view a larger group of Advisors.

Please note:
Currently there is no way to make this change the default.
Change the way the names of appointments are displayed
The default display name on your appointment is the name of your Service. To change the name that is displayed on the appointment to the name of the student, click the Display Name drop down and select Attendee. Now the name of the student will show up in their appointment slot rather than their Appointment type.

Change the date you are viewing
To make an appointment on a different date, click on the Date field under the Scheduling Grid. Select the date you want to make an appointment on in the calendar. Follow the instructions on how to schedule an appointment.

Change the start and end time of the Scheduling Grid
The default appointment times in Pathways is from 8am-5pm. Many offices are open during different hours. To change the time, simply click on the drop down menus called Start Time and End Time to change the time you see in your grid.

Please note: Currently there is no way to make any of these changes the default.
How to Check In a Student for a Scheduled Appointment

Manual Check-In

Using Scheduling Grid

1. Click on the appointment.

2. Click on Check in Appointment.

3. Click the blue check in button.

4. A notification will be sent to the Advisor to let them know their student is here for their appointment.
Using Scheduled Appointments
