Your academic advisor has asked you to complete this pre-enrollment survey in lieu of an in-person meeting so that you may have your academic advising hold lifted before your enrollment date. Please carefully read the questions below and respond thoroughly to each one. Then, schedule a follow up advising meeting with your academic advisor.

For any immediate concerns, send an email to your assigned academic advisor and they will follow up with you as soon as possible. Assuming you have successfully completed the form, your academic advisor will lift your advising hold and you will be able to enroll for Fall 2020 courses on or after your enrollment date. Be sure to check your Student Center for any other holds on your account and resolve those with the applicable office(s) prior to your enrollment date.

For all other questions, you can reach the Advising Center via email at advcentr@pitt.edu.
